

FLY, FAR AND HIGH.

## About US

**ebs** Educational Consultancy was founded in Taipei, Taiwan in 2012. We're located a one minute walk away from the metro, near Taipei's commercial districts and some of its best sightseeing destinations.

Unique among English schools, **ebs** services both individuals and corporations. Over the years we have cooperated with clients and students aged three to 76, and have serviced local and multinational companies.

Our team is composed of consultants with extensive international experience and qualifications, as well as instructors drawn from diverse business backgrounds.

# COLLABORATION

## Core vision

At **ebs** Educational Consultancy, it's our mission to engender individualized success. We both concentrate on and elicit each prospective partner's unique interests and goals, all the while designing suitable procedures for positive results.

## Value that **ebs** brings to our partners

Here at **ebs** we help our students and clients shape their latent character, broaden their learning capacity, and develop their potential. We see ourselves as a family, working and growing together. Both united and as strong individuals, we strive to make a worthwhile influence on the world.

Partnership is at the heart of everything we do at **ebs**. Since we started in 2012, we've worked hard to establish trust with our partners and create viable paths toward local and global opportunities.

**ebs** is an adaptable gateway. Our ability to find innovative solutions on local and international levels puts us in a unique position. Leveraging our networks and expertise, inspiring trust and passion, we help our students and clients achieve their goals.

## What ebs does

Our primary pursuit at ebs is to help students and clients find fitting schools and programs, as well as assist schools in finding suitable students and clients.

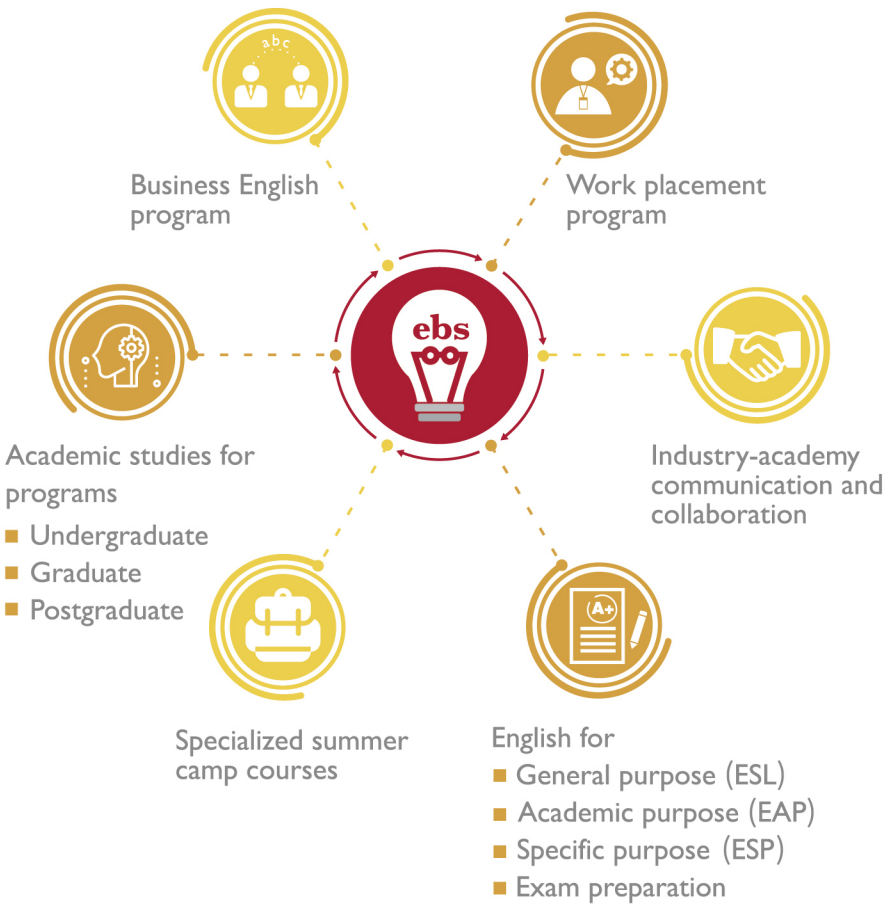

ebs can offer our partners support with their language in every stage of the application process. We offer the following services:

- Provide information about particular programs and schools.
- Help students select appropriate programs.
- Guide students through their applications and portfolios.
- Arrange interviews in Taiwan with one of our academic staff members.
- Offer help with visa applications and traveling abroad.

# Opportunities for further collaboration

As a gateway to opportunity, **ebs** offers several constructive focuses for prospective :
